

COMBAT GASOLINE DRIVE-OFFS

ORDER PUMP DECALS APPROVED BY THE VIRGINIA STATE POLICE AND DMV

This year the Virginia General Assembly strengthened state law combating gasoline driveoffs. For the first time a person convicted of filling up without paying can be convicted of larceny – which may include time in jail. Remaining on the books are provisions that fine those who pump and run up to \$100 and a possible drivers license suspension after a first conviction, and a **mandatory license suspension** for a **second or subsequent offense** for driving off without paying for gasoline.

It is vital to make your customers aware of this new law. A key component of this process has been the development, in conjunction with the Virginia State Police and the DMV, of decals that can be affixed to all of your gas pumps.

High prices have led to increased incidents of drive offs! These decals are an important tool to reduce driveoffs at your location the decals are in four colors, are fade resistant and have an adhesive backing to affix to your pumps or window.
